## introduction

---

The world in which we live is swiftly changing. With each passing day, the pace of our life and change quickens. The pressure to respond intensifies. The Technology is changing so rapidly. The Projects that we handle change so rapidly – in size, order value, complexity, increasing scope , not to mention the cultural diversity the Project teams are exposed to when handling projects from East to West & South to North.

The Business Enterprises are coping up with many such changes on a day to day basis. They are doing their best they can with what they have. But whatever they do is always not enough. They are looking for help from anywhere possible that can help resolve their problems.

Project Performance Enhancement Enterprise (P2E2) Pte Ltd, Singapore has been formed to provide help to such Enterprises trying to cope with these changes. P2E2 Pte Ltd brings in the highest level of Competence, in the field of Enterprise Project Management and Operations Management, with the Right Methodologies, Processes, People and Systems to provide much needed help to enhance the performance of the Enterprises

## Business Excellence & Enterprise Performance Management Systems

---

Many organizations have adopted a range of improvement approaches namely - ISO 9000, TQM, BPR, BPM, Business Excellence, Performance Excellence, Lean thinking, Six Sigma etc in response to the great changes in the markets and operations due to International competition, turbulent market conditions and hostile environments.

With the keen involvement & support of Governments through award programme to encourage organizations to strengthen their management systems, and enhance their capability and competitiveness, many organizations are adopting the Business Excellence Framework –for continuous improvement and transformation of business processes.

P2E2 assists companies in their quest for achieving SQA & SQC Certification and works with SPRING Singapore in the whole certification process. P2E2 also offers a comprehensive range of Enterprise Performance Management Solutions.

Our goal is to help Enterprises Achieve Operational Excellence through rigorous application of Enterprise Project Management, Enterprise Performance Management & Business Excellence Framework.
